To the Members of the U.S. House of Representatives:

The U.S. Chamber of Commerce supports H.R. 1968, the Full-Year Continuing Appropriations and Extensions Act, 2025, and we urge its swift passage.

The Chamber has a long history of opposing government shutdowns as they negatively impact the economy by disrupting many vital services and programs that employers and individuals rely upon.

The U.S. Chamber of Commerce appreciates your work to provide the certainty that the American people and business community need. We urge you to vote in favor of the Continuing Resolution when it comes to the House floor.

Sincerely,

Rodney Davis
Senior Vice President
Government Affairs
U.S. Chamber of Commerce
